

## ABOUT ASME

The American Society of Mechanical Engineers (ASME) works with the global engineering community to develop solutions to real world challenges facing all people globally. We actively enable inspired collaboration, knowledge sharing and skills development across all engineering disciplines throughout the world, while promoting the vital role of the engineer in society.

**ASME's mission** is to advance engineering for the benefit of humanity.

**ASME's vision** is to be the premier resource for the engineering community globally.

**1880**  
Year ASME was established

**85,000+**  
ASME Members, including Students and Early Career Engineers

**23,000+**  
Student Members

**15,000+**  
Early Career Engineer Members (including Graduate Students)

**135+**  
Countries with ASME Members

**12**  
Voting Members serving on the ASME Board of Governors

**366**  
ASME Staff

**5**  
U.S. Offices: New York, NY; Little Falls, NJ; Stamford, CT Washington DC; Houston, TX

**2**  
International Representative Offices: Beijing, China; New Delhi, India
