Over 1,500 students have received \$5.6MM in ASME scholarships

Since 1990, ASME has invested \$5.6MM in scholarships to over 1500 students. The ASME scholarship program is focused on assisting a diverse cross-section of students, who have financial need, academic achievement, and who are engaged in their student and community groups on their way towards entering the engineering profession.

At A Glance

- ASME undergraduate or graduate student members in good standing are eligible for academic scholarships.
- ASME student membership is required to login to the online application system. Join ASME or Renew your membership.
- Applicants must be accepted and later enrolled in Associate, Baccalaureate or graduate degree programs for the upcoming academic year starting in August/September. Associate degree programs at community/technical colleges or international programs holding Regional/National Accreditation are accepted. Baccalaureate programs at domestic colleges/universities must hold ABET accreditation.
- Complete only one application for all ASME Scholarships in this group.
- Students must apply again each year.

Attention Parents: Scholarships are available for graduating High School seniors interested in pursuing engineering degrees
