

# Student Group Membership Participation Request Form

THE AMERICAN SOCIETY OF MECHANICAL ENGINEERS (ASME)

**Thank you for your interest in ASME Student Group Membership! It's easy to get started...**

**1 Choose your primary contact.** The first step for a college or university wishing to participate in the ASME Student Group Membership Program is to select a qualified individual at their school to be their primary contact with ASME regarding all matters having to do with this program. This individual should be one of the following: faculty member, department head, administrator, or ASME student section leader.

**2 Complete, save and return this writable PDF form to ASME** by email to [CSG@asme.org](mailto:CSG@asme.org). If you prefer to fax or return the form by postal mail, please use the information at the bottom of this form.

**3 An ASME representative will contact you** via email or phone to verify the request and review any questions either side may have. Once approved by ASME to participate in the program, the primary contact will be able to proceed with the process of enrolling students using one of two options ASME will provide – a spreadsheet to complete for the entire group or an individual student membership form you can distribute and collect.

**The ASME Student Group Membership program is available to new and renewing students.** Your ASME representative will provide information on our **Special Group Membership Discounted Pricing** and available payment methods.\*

To learn more about ASME Student Membership benefits, visit <http://go.asme.org/students>.

\* ASME Student Membership dues are \$25 USD annually. Student Group Members receive special first year introductory rates and preferred pricing for renewals. Additional discounts are available to residents of certain developing countries, and dues are prorated for those joining in the months of Jan – May.

**Participating in the ASME Student Group Membership Program** will provide all your engineering students access to the many benefits of ASME Student Membership – valuable resources that will enhance their current academic and future professional careers:

- ASME SmartBrief daily email engineering news digest
- AccessEngineering online reference tool
- Mechanical Engineering magazine
- Networking opportunities in person and online
- Career Center + Job Board
- Mentoring Services
- Member discount on ASME products, services and events, and much more!
